Note :

If you are an experienced stalker and have not got minimum DSC1 we just need proof of your experience as long as it's a sensible time period (note a DSC1 is required for all Scottish stalks as a minimum qualification) you have been stalking for we won't have a problem allowing you to join, just note that if we get forestry blocks in Scotland and you will not be able to stalk the commission land without the first level, its there rules not mine.

If you are a current member of the rough shoot operation to upgrade is £400 pounds extra lump sum we do not give Standing order benefits on stalking membership.

Any new stalks we acquire are still within the £750 membership fee.
