Pigeon Northampton

Busy season and some members cam along for a few sessions which were very productive indeed but farmers are now drilling quicker so the season is really 2 months now then its luck and flight lines. Try and book and come along this Spring its really the better period over wintered rape and the new drillings go in just phone to book remember you would pay Mick £40 cash on the day and reclaim back £20 from HQ. if Lutterworth £60 and reclaim £30.00 at Northampton we have geese and duck flighting at £45 cash to mick a day then reclaim £22.50. its subsidised as well.

General Report

Low visits on stalking grounds most people have been mad busy with work being the main problem but have 87% renewed so not an issue for the club accept we need a few more cull visits over the border - re member though I state we have 18 blocks available 1 of those is in the borders it covers 18 odd farms and other land blocks so we do have 36 roughly land blocks in truth. Get out get fresh air and do some killing!!

Fishing waters

All well visited and we have done trips to Derbyshire wye etc then a separate trip to The River Dove, we had a splendid time all round - we did manage to stay sober which was a miracle but were getting older getting more tired quicker I guess.

- Slovenia 3/4 days went great in June - but we are doing the same next year cost £1450 inclusive flights hotel all food coaching hire car hotel by river Idrijca at Tolmin. great fishing this year.
- Los Cristianos Tenerife . Blue water for marlin,wahoo,dorado and yellow fin tuna etc its a 7 day trip but 3 days fishing on a serious boat 1 day rock fishing and the rest is a chill out break. all inc £1200.00 (thats a bloody bargain).

And no doubt we will have another two trips planning Ireland for May for the Mayfly on Lough Mask max 4 rods £900.00 4/5 days

Scotland for salmon in September on the dee POA x 4 max rods budget a £1000 for the period. Or we do the River Nith Dumfries at £690.00
