
SHOOTING.SH WINTER SEASON 2017-18

New Stalk Blocks (files attached).....

With the loss of Marston Block The retirement of Colin Chisholm I've had to get my hat on and dig some areas out we have added 3 new areas Devon, Loch Lomond, More on the borders and we have ongoing discussion for Chippenham and Thetford blocks 7000/4000 acres in total then we are going to tender for a block on an estate in England I cant specify as it has to be kept in house. Note I have attached the files with this news letter for your attention.

Walked up Shoot Days

A good solid group of guys committed to the days I only think we had one day where it was 2 persons and with two you cant really spread guns out and drive a block but we did see a lack of pheasants, reason !! just to warm birds everywhere. Good Woodcock prevailed until the last week January and with the new woodland blocks we expect to see more Woodcock next season. A few feed bins in centre of woods should bring the pheasants into contention.

Anyway for next season we have these 3 new blocks adding to the ground we already retain and on Angelsey I'll be in a position to allocate a 4 day shoot for the syndicate and then we can let you book and go after that on that ground. We have one last day on the 31st January we hope woodcock move back into the grounds given a good rest.

A nice picture from Angelsey proving what a productive shoot it can be given conditions - even when so wet and part of the ground being flooded

Dave Hitchmough who runs the Corwen area shoots feeds etc

Pigeon Shooting

Well this is on us in the next month and over rape initially and some roost shooting at Prestatyn North Wales is available, Ive plenty of dates in March where I'm taking various groups and I can slot members in no problem so enquire and we can sort dates out for you.

Thats about it for this letter I prefer to make it short and sweet but remember just ring me to book anything you fancy or if you need advise or help with variations to weapons ill do my best to get what you want. And lastly thanks for joining we have some guys 15 years with us thanks for the commitment without you all we are nothing.

I went myself to Newton Stewart and bagged a deer but being busy and having a good local butcher I dropped the animal of to him for

preparation £20 so

Remember any introductions to friends we pay a fee of £100 to you if they join us!

if you are short of time ask your butcher to prep for the freezer.

Lastly we wish you a great new year,

Robert Glynn Chairman.

A good retrieve from one of the boys dogs
