### **New Ground**

We have a deal with **Petworth Estate** in **West Sussex** not far from Portsmouth or Brighton being the main large towns - Fallow, Roe, Muntjac. Accommodation on site for 1 person in a shepherds hut 2 if a sleeping bag brought. ill get a few DBB places sorted for the file.

The head keeper is sending details but this is with a view for us to lease direct next year so they are trialling us this year - Roe or muntjac with a guide on selected blocks. so suits the varied membership needs - it will be free in membership accept VAT, as we will cover all outing fees not the vat the stalker pays the vat it will include 1 animal and a take away of a 1/2 carcass of butchered venison.

tuition and introduction stalks can be arranged for prospective members at a low cost. Depending on who the stalker is it can be on own on high seat or accompanied so as mentioned before it suits both types of stalkers. Petworth Estate is around 14,000 acres there is an acre 8000 block we would be able to get on to but ill confirm the size correctly on summary A4 sheet. More than one stalker welcomed on a day basis.
