
SHOOTING .SH

Things to be done during summer months - Simulated Game days and Wood pigeon back to back days - instruction and decoy gear provided.

Ok what a miserable few months we've had on this lockdown been the worst of the lot, and I'm looking to see if we can save our soul's !! Im proposing simulated game shooting days 4 events in North Wales/Manchester 2-3 in the Midlands and 2-3 South West.

I have enough contacts to run or book this or we drive down **with a clay machine** and get permission from some of our farmers to run the days. First I want to know how many of you would want to book for this. Pigeon is easy enough costs will be subsidised but the club.

General update changes

New stalk coming on line in Somerset, Devon, Scotland - details attached.

Stalks on lockdown currently Hayes I'll let you know when we can re-visit. Soon as we get a lift of movement and staying over i'll get down to Dorset and sort out a number of farms to be include. **Jollife's is no longer on the bookings** the family decided they no longer wanted the problem simple as that Dorset Council have given us permission to approach a large number of farms but on a farm to farm basis we would need to prepare a report, "I am looking at " when I

can get down to sort out on the ground. I'm going to bring on more in Devon leased or guide orientated and then Cornwall. Midlands is an ongoing wish list, as is Kent.

We've been very quiet on the ground but the odd local people are getting out to stalk and with some visiting guides with there direct permission. I cant encourage long distance travel and we should just keep to the rules. We only have one life.

Stalking with Guides

The up take off these stalks were excellent and members reported great benefit in having such a variety of grounds to hunt over, they also pointed out there personal experience was enhanced by the Stalker/Guide imparting ideas skills, add a good 'cup' of knowledge from which they can take away and hopefully put into practise in other areas.

General

We are not perfect and don't profess to be, but we do I hope give a good variety of hunting at a sensible price for all our members. Had the pandemic not interrupted us I'm sure I would have added more benefits on to our operation.

But we are open to ideas so feel free to send me any thoughts you have.

Grouse day out

Who would be interested in a day on Grouse in the coming season

We would off course subsidise this.

Again see attached interest sheet and please send back within 7 days.
